

Printed by J. C. DUNN for the N. A. Association.

PUBLISHED EVERY SATURDAY.

TERMS.—Subscriptions for one year, \$2 50 in advance, or \$3 00 if paid at the end of three months. For six months, \$1 50 in advance. Advertisements inserted at the usual rates.

All letters relating to the pecuniary interests of the Paper to be addressed, postage paid, to the Publisher, JAMES C. DUNN.

All letters relative to the Editorial department to be directed, postage paid, to the Editor of the *Washington American*. Those subscribers for a year, who do not give notice of their wish to have the paper discontinued at the end of their year, will be presumed as desiring its continuance until countermanded, and it will accordingly be continued at the option of the publisher.

UNITED STATES INFIRMARY.

Corner of 9th and E streets, adjoining the Methodist Protestant Church, (Rev. Mr. Webster's,) opposite the Rev. O. B. Brown's residence, about eighty yards from the new General Post Office, Washington City.

DR. BENJAMIN THOMSON, the Founder of the Thomsonian Botanic Infirmary in Boston, Massachusetts, and Concord, N. H., and more recently from the State of Virginia, having long had a desire to establish an Infirmary in this Metropolis, takes this method of informing the public that he has granted that desire, and has fitted up in a style unprecedented in this city (or perhaps any other except his Infirmary at Concord, N. H., which has been pronounced the most perfect one in the world) fire above desirable house, on the same place with his Infirmary in the East and South, where his patients are dependent on such treatment as their infirmities may demand. To my friends, and the friends of the system, I need but say that I am here. They have, no doubt, seen my prospectuses and my practice spoken of, in all the Thomsonian periodicals in the United States, and my unprecedented success in the places where I have heretofore practised. The system is still progressing with rapid strides, and producing a complete revolution in the medical world.

For the benefit of the public, Dr. T. gives the following extracts, relative to his practice in the places where he has established infirmaries:

BOSTON.—*Extract from Advertisement.*—“Since April, 1832, up to May, 1834, he has administered upwards of two thousand courses of Medicine to more than fifteen hundred patients, visiting from six rods to six hundred miles distant, in almost every stage of disease, the greater part of whom have been cured. Patients given over to die at the New York, Philadelphia, Massachusetts, New Brunswick, and Insane hospitals, have been cured at my Infirmary. One, and only one death, has occurred at my Infirmary, since its establishment; and \$1000 is here offered to any individual who will prove to the contrary; also, \$1000 to any individual who will prove as great an amount of business to have been accomplished during the same time at any hospital in Europe or America, with the occurrence of a less number of deaths and more cures.”

CONCORD.—*Extract from a Letter to a United States Senator, dated January 1, 1835.*—“DEAR SIR:—There appears to be considerable excitement here at present. A new era seems to have commenced in medical science. Dr. Thomson has indeed done wonders in the healing art. He has performed cures in the absence of all hope of patients, friends and regular physicians. Of the many cases he has had, a few have come to my knowledge which justice compels me to mention.

A young gentleman who had been out of health for several years, and who I understand was at the Infirmary the same time you was, and in consequence of your advice took one course of medicine, declared, as I am informed, that he received more relief in 15 minutes, under the operation of the Botanic Medicines, than he had before for four years, when under the charge of the most eminent physicians of the State; a few days after he took another course and was cured. A gentleman by the name of Marden from Chichester, who had been afflicted with dyspepsia and all its attendant train of evils for several years, came to the Infirmary with the intention of remaining one week, and was, agreeably to his own declaration, cured in one day, and was enabled to return to his family the third day after he left them, a well man. This case, I understand, has caused considerable excitement in Chichester and the neighboring towns. A young lady—a deplorable case of mental derangement—cured in one fortnight. A lady from London, who, at the age of seven years, suffered severely from a paralytic stroke, after which she was affected with fits and falling sickness for 25 years, and was attended, without any benefit, by 17 regular physicians, came to the Infirmary, took 2 courses of medicine, and was enabled to make a hearty meal of animal food, of which she had not been able even to taste for ten years, remains well, and able to labor at the present time.

“Dr. Thomson's success in fevers has indeed been great. He has taken patients from almost all the regular physicians here, and restored them to health in a few hours, although some of them were thought to be dangerously sick by their friends and medical attendants, and no prospect of recovering under six or eight weeks, if they died at all.”

PETERSBURG, VA.—*Extract from Certificate.*—“We, the undersigned, do hereby certify, with much pleasure, that we have visited the Thomsonian Infirmary, recently established in Petersburg, on the Thomsonian plan, and believe that no one is better calculated to do it justice, and to help the afflicted, than Dr. Thomson. We have taken his medicines, and have seen them repeatedly given with manifest advantage, in a number of cases where the patients were quite ill. His peculiar manner of mixing them goes to make them agreeable and palatable, and his seeming skill in timing and proportioning the doses to the age and strength of the patient and disease, met our warmest admiration. His vapor and medicated baths are truly luxurious, and are given in the most delicate and agreeable way, and are perfectly understood by the female attendants, under the direction of Mrs. Anson and Doctor Thomson. The whole process, from what we have seen and experienced, may be undergone by the most timid lady or delicate child, without the least apprehension of danger in any point of view; on the contrary, with much advantage, when it is needed. We would recommend all the afflicted to the Thomsonians, and to the Petersburg Infirmary, believing firmly that it is a great place for the cure of all curable diseases.”

SALTY G. STURDIVANT, MARTHA LILLEY, ELIZABETH NIBLETT, MARTHA P. CLARK, PETERSBURG, Sept. 21, 1837. ANN MILES.

“Petersburg, September 18, 1837.—Dear Sir:—Health is the greatest moral blessing bestowed upon man, and is essential to his comfort and happiness. I verily believe that the system of medicine invented by Samuel Thomson, is the safest and most efficacious means, rightly understood and properly carried out, as a curative system, ever adopted. We are bound to exercise that reason which is given to us for our government and direction, to pursue truth, and hold it to, and never to give up any known plain matter for conjecture. I saw several of your patients, heard of several cases, and witnessed several; I saw your care and attention to the afflicted under your immediate charge, and this had a great effect upon me; but the cure of my dying boy has cast the scales from my eyes, and my judgment, and confirmed it. His case was a most serious hopeless one. I had given him over to die; his jaws became fastened; he was seemingly dead to all sensibility; his pulse, which before had not abated for six hours, was now nearly gone; he was fast approaching the embrace of death. To my great astonishment, you, in a short time, relieved and restored him to health. This and a number of other cures have convinced and satisfied me that it is the best and most safe practice I have ever seen carried out.

“My boy was at first taken with a chill, succeeded by a severe fever, and he was completely out of his head for three days before you saw him. He was in spasms and insensible when sent to your Infirmary. The practice, according to the regular mode, was exhausted, but the efficacy of your medicine, and the vapor bath, had so satisfactory an effect, that he was truly and astonishingly, and unexpectedly to me and all my family, soon restored to the enjoyment of every person who saw him, soon restored to health. I feel bound to confess the fact, and recommend to all opposers of the system the propriety of knowing correctly what they do oppose before they condemn, and do recommend the practice to all who have lost their health, and the afflicted to your tender care.

“We, the undersigned, members and connections of Mr. Pace's family, do hereby certify that we are acquainted with the boy Mr. Pace speaks of, and saw him during his illness, and that every particular relating to his cure, &c., which Mr. P. mentions, is confirmed by us. ELIZABETH P. PACE, CARTER C. CONWAY, WILSONY PACE, ELIZABETH SMITH.”

In addition to the above extracts, which cannot be expected to convey full information on the subject, but the full documents of which can be seen (together with my mode of practice and the apartments) at my Infirmary; and it being generally conceded by the public that there has been many cures effected, great good done by this system, and that the medicines are allowed to be the most agreeable and most effectual that are administered, but that the practitioners are generally inexperienced,—I would here merely state that, having administered more than ten thousand courses of medicine in Concord and Boston, during which time I lost but one patient, it must be acknowledged that my experience is not small, and that I know how to treat the numerous diseases to which the human system is liable.

Private Apartments, with female attendants, are provided and set apart for ladies, where all complaints peculiar to females are successfully treated. Also, other apartments for people of color. In all cases, every attention will be rendered that can ease the afflicted or ensure cure to the diseased.

N. B. The demand for Thomsonian Practitioners is continually increasing, and gentlemen of respectable character, coming well recommended, can be admitted to the Infirmary as students, on reasonable terms, where they can enjoy all the advantages of Dr. Thomson's experience, and have access to the best medical library in the world. In cases where a course of medicine is taken, a change of linen is necessary. No accounts will be opened—payments must in all cases be made in advance.

Nov. 9—13-1f

CARRIAGES FOR SALE.—The subscriber has on hand a variety of family and pleasure carriages, which are not surpassed by any thing of the kind in this market; such as:

Coaches, close and open barouches
Small and large chaises, one with three seats
Buggy-wagons, sulkeys, &c.
Which will be sold low for cash. Second-hand carriages taken in exchange. Repairing done as usual with neatness and despatch, and on the most reasonable terms.

THOS. YOUNG.

Sept. 7 Penn. av. between 3d and 4-1/2 streets.

WHITE LEAD FACTORY.—The subscriber offers for sale or rent, on liberal terms, the white lead factory, recently erected by him near the railroad office. If not disposed of by the 1st of September, the fixtures and engine will be for sale. For particulars, &c. inquire of JOHN PURDY.

Also, for rent a new three-story brick house, situated on B street.

MAY & JONES, Attorneys at Law, Washington, D. C. offer their professional services to the Public, in the Courts of the District of Columbia and the neighboring counties in Virginia and Maryland. They will attend to the prosecution of claims before Congress, the Departments, the General Land Office, &c. &c. Their office is on the corner of Pennsylvania avenue and Third street, in the same building with Gen. Walter Jones, to whom they respectfully make reference.

HENRY MAY, CHAS. L. JONES.

DRUGS, MEDICINES, &c.
N. W. corner of Pennsylvania Avenue & 6th st's., between Brown's & Gadsby's Hotels, Washington City.

THE undersigned respectfully informs the citizens of Washington, and the public generally, that he has taken the Drug Store formerly occupied by Dr. S. Mitchell, corner of 6th street and Pennsylvania avenue, between Brown's and Gadsby's Hotels, where he intends keeping on hand a full and fresh supply of Drugs, Medicines, Chemicals, Paints, Oils, Dye Stuffs, &c. Also a very general assortment of Fancy Articles, Chewing Tobacco, Snuffs, and Segars, of the best quality. Physician's prescriptions carefully and accurately compounded.

WM. F. BENDER, from Philadelphia, Pharmacist.

IMPORTANT INFORMATION to persons afflicted with the following complaints, viz: Scrofula, Leprosy, Salt Rheum, St. Anthony's Fire, Fever Sores, even when the bones are affected, White Swellings, Violent Eruptions, after measles, Scurvy, Foul Festering Eruptions, Pimples and Carbuncled faces, Sore Eyes, Sore legs, Scald Head, Ulcers, Venereal Taints, when Mercury has failed, and all disorders arising from an impure state of the blood and humors—are assured that Dr. Relfe's Botanical Drops continue unrivalled, for the prevention, relief, and cure of these complaints. In proof of which read the following remarkable cure of a case of 12 years' standing.

Extract of a letter. “Sir: My leg, which before did not look like a human limb, is now entirely healed up (after resisting every other application for 12 years!) Previous to taking your Relfe's Botanical Drops, I had given up all hope of relief.

Another Case. An agent writes, “There is a person taking the Botanical Drops, evidently with the greatest advantage.” He declares, to use his own words, “It is doing wonders for him,” and is, as it were, “snatching him from the grave.”

Numerous instances have occurred where persons were pining away a miserable existence, nothing they could procure affording them permanent relief, until they had made use of the above invaluable Medicine.

They are also the best Spring and Autumnal Physic. Price \$1, or 6 bottles for \$5.

For sale by S. J. TODD, Washington, D. C.

IMPROVED SURGEON'S TRUSSES, for the radical cure of Hernia, or Rupture, by HEBER CHASE, M. D., Philadelphia.

The committee of the Philadelphia Medical Society, for the investigation of the radical cure of Hernia, observe:

“Fully impressed with the extreme caution required in forming conclusions concerning changes of structure taking place in parts of the body concealed, not only by the integuments, but by tendinous matter and fascia, and where the nature of the disease renders the opportunity of post mortem examination exceedingly rare, your committee has been desirous to avoid that blameable haste in the decision of important questions which has too frequently given to plausible but ingenious methods of treatment a temporary reputation, to the abuse of public confidence and the injury of the profession, by granting to empiricism the weight and influence of great names.

“The instruments of Dr. Chase have effected the permanent and accurate retention of the intestines in every case of hernia observed by the committee, without material inconvenience to the patient, and often under trials more severe than are usually ventured upon by those who wear other trusses—trials which would be imprudent with any other apparatus known to the committee.

“The committee are induced, by the foregoing conclusions, to recommend, in strong terms, the instruments of Dr. Chase to the confidence of the profession, as the best known means of mechanical retention in hernia, and as furnishing the highest chances of radical cure.

“They have no hesitation in saying that, were they individually affected with this terrible disease, they would resort to this method of treatment, with the triple view of securing their comfort, safety, and ultimate chance of recovery.

REYNELL COATES, M. D., WM. ASHMEAD, M. D., ISAAC PARRISH, M. D., Committee.”

“All must now admit of the radical cure of Hernia, and that Dr. Chase's Trusses are decidedly the best yet invented to effect that object.”—*Southern Medical and Surgical Journal.*

For the utility and excellence of these instruments, reference may be had to the principal physicians of this city, who are prepared to apply them.

For sale at TODD'S Drug Store.

FLODOARDO HOWARD'S

Improved Compound

FLUID EXTRACT OF SARSAPARILLA.

FOR THE CURE OF

Scrofula or Kings Evil, Obstinate eruptions of the skin, Chronic Rheumatism, Syphilitic and Mercurial Diseases, Ulcerous Sores, Pains in the Bones, Gleet, Gonorrhea, White Swellings, and all diseases requiring the aid of alterative medicines.

This Extract is prepared from an improved formula, sanctioned by scientific Physicians and Pharmacologists, and is decidedly one of the most active, efficacious, and convenient preparations in use.

It should be used, where circumstances will admit, under the guidance and direction of a physician.

Carefully prepared and sold only at my Pharmacy.

FLODOARDO HOWARD.

Also for sale at most of the Drug Stores in Washington City, Baltimore, and throughout the United States.

The following select Medicines and miscellaneous articles are also prepared and sold as above:

HOWARD'S TONIC MIXTURE, warranted a cure for fever and ague.

HOWARD'S COMPOUND OF SARSAPARILLA, CUBES, AND COPAIBA, for the cure of Gonorrhea, Gleet, Strictures, &c.

HOWARD'S VERMIFUGE, a safe and effectual worm-destroying medicine.

HOWARD'S CATHARTIC PILLS, without mercury.

HOWARD'S COMPOUND KRESOTE TOOTHACHE DROPS.

HOWARD'S COMPOUND STAFF OF CARRAGEEN, a safe, simple, agreeable, and effectual remedy for coughs, colds, asthma, &c.

HOWARD'S COMPOUND KRESOTE TOOTH WASH, for arresting and preventing decay in teeth, and for diseases of the gums; an agreeable and pleasant wash for preserving them in a healthy condition.

HOWARD'S KRESOTE TOOTH PASTE.

DR. VISTAR'S COUGH LOZENGES, celebrated for the cure of coughs, colds, &c.

HOWARD'S KRESOTE WASH.

HOWARD'S IMPROVED CHEMICAL CHLORIDE SOAP.

HOWARD'S CHEMICAL SHAVING COMPOUND.

HOWARD'S SUPERIOR TOILET SOAP.

HOWARD'S CHEMICAL ESSENCE OF SOAP, for removing grease, paint, tar, &c., from wearing apparel.

HOWARD'S CHRYSTAL CEMENT, for mending broken glass, china, earthenware, &c.

HOWARD'S RUSSIE OINTMENT, for keeping open issues and blisters.

HOWARD'S MAGNOLIA EXTRACT, a delicate and delicious perfume for the toilet.

HOWARD'S SUPERIOR COLOGNE WATER.

HOWARD'S FLORIDA WATER.

HOWARD'S LAVENDER WATER.

HOWARD'S HONEY WATER.

HOWARD'S SUPERIOR TOOTH POWDER.

April 14.

THE SOUTHERN SILK MANUAL, and Farmer's Magazine.—This work will be published under the auspices of a number of gentlemen actively engaged in the cultivation of MORUS MULTICAULIS, feeding of the worms, and the manufacture of silk. It will be edited by E. YEATES REESE, and furnished to subscribers at one dollar per annum.

Ample arrangements have been made, and correspondents established, to enable the editor to present a work containing all the information necessary to the planting and cultivation of the trees, the feeding of the worms, and the successful management of the entire silk business. The work will also contain valuable information on agriculture and farming generally.

It will be the particular object of the editor to promote the interest of those engaged in the silk culture in the Southern and Western States; as there the cultivator possesses peculiar advantages in respect to climate, soil, labor, &c.

Orders by letter, (post paid) with the subscription for the year, will receive prompt attention. Address E. Yeates Reese, Baltimore.

Persons desirous to have the above valuable work can be supplied by calling at my store, near the 7 Buildings, Dec. 8

F. HOWARD, Agent.

CONCENTRATED SIRUP OF SARSAPARILLA.

For diseases of the skin, tetter, pimples, face, scald head, &c. the concentrated sirup of sarsaparilla, as when used in conjunction with “Sands's Remedy,” the most effectual medicine in use. As an alternative in long-standing rheumatic affections, mercurial diseases, &c. it may be advantageously used as a substitute for the various secret remedies, as Swain's, Potter's, &c. and recommended by the Faculty as preferable to any of that class of medicines. Carefully prepared at

Mar 9— TODD'S Drug Store.

A GUIDE for Mothers and Nurses in the management of Young Children, with reference to hereditary or family diseases; compiled in part from the best English and American writers. By Caleb Ticknor, M. A., M. D. late Professor of Hygiene in the university of the city of New York, author of the *Philosophy*, &c.

A few copies are received, and for sale

W. M. MORRISON'S Book and Stationary store, four doors west of Brown's Hotel.

Oct. 12.

WAVERLY NOVELS.—The cheapest edition ever published. A further supply just received.

The Abbot—by W. M. MORRISON, at his book store, 4 doors west of Brown's Hotel.

Oct. 26.

WASHINGTON BRANCH RAILROAD.—The Passenger trains on this Road will daily start as follows:

FROM WASHINGTON FOR BALTIMORE, At 6 o'clock, A. M. and at 3-1/4 o'clock, P. M.

FROM BALTIMORE FOR WASHINGTON, At 9 o'clock, A. M. and at 4 o'clock, P. M.

Passengers by the morning train, if proceeding westwardly, can connect with the Western train on the Baltimore and Ohio road at the Relay house, reach Frederick in time for the Western stages that leave there at 12 o'clock, noon, or Harper's Ferry, in time for the evening train to Winchester; while passengers travelling eastwardly are conveyed through to Philadelphia without unnecessary detention at Baltimore, reaching Philadelphia in time for the evening line to New York; and thus accomplishing the journey from Washington to New York in one day.

Under no circumstances whatever can the train be delayed beyond the hour fixed for starting. It is, therefore, respectfully suggested that Passengers procure their tickets the previous evening; to enable them to do which, the office will be kept open till half past seven o'clock, P. M.

By order, SAMUEL STETTINIUS, Agent.

Oct. 6.

NEW BOOKS.—Memoirs of Mrs. Sarah Lanman Smith, late of the mission of Syria, under the direction of the American Board of Commissioners for foreign Missions, by Edward W. Hooker.

Also, Travels in Southeastern Asia, embracing Hindostan, Malaya, Siam, and China, with Notices of numerous Missionary Stations, and a full Account of the Burman Empire, with Dissertations, Tables, &c. by Howard Malcolm, in two vols.

Just received by W. M. MORRISON, at his Book and Stationary Store, 4 doors west of Brown's Hotel.

Oct 19

GENUINE BUFFALO OIL.

THE HAIR! THE HAIR! THE HAIR! This greatest ornament to the human body is a splendid head of hair. It has recently been discovered that the genuine Buffalo Oil is a sovereign remedy for baldness, prevents the hair from coming off, promotes the growth, continues the luxuriance, and improves the beauty of the hair. It is superior to any other oil or vegetable oil, and in case of fever, where the hair becomes dry and begins to fall off, there is no application more effectual in restoring its beauty and rendering it in a healthy state.

It is put up at a low price, (37-1/2 cents) that all classes can have access to it. None genuine unless put up in the bottle with the Buffalo Oil in the glass. Also, to prevent impositions, it will be signed by the Proprietor, Wm. Brown, 491 Washington, corner of 2nd Street, Boston.

Oct 19

CAUTION.

WE are called on to caution the public, the Druggists in particular, against purchasing from any traveller under whatever pretences they may be offered, any of

DR. EVANS' INVALUABLE MEDICINES,

as their unprecedented success in the cure of Consumption, Dyspepsia, Liver Complaint, Indigestion, Costiveness, Loss of Appetite, Palpitation of the Heart, Pain in the Head, Breast, Back and Limbs, Dizziness, Restlessness, and all diseases originating in the Stomach, Heart, Lungs, Liver, and the associate organs, &c., has caused a reckless impostor, who it is ascertained, has been travelling through Pennsylvania, Maryland, Virginia, &c., to counterfeit and vend a deleterious imitation of

EVANS' CAMOMILE AND APERIENT PILLS;

and another impostor has introduced into Pennsylvania, &c., a spurious article, purporting to be PARIS' SOOTHING SYRUP, for children when cutting their teeth—both of which are deleterious counterfeits. Therefore, in order to protect the public against the inroads of such impostors, and to secure them the benefit which his Genuine Medicines never fail in bestowing, he has caused the label of EVANS' CAMOMILE & PILLS, “to be entered according to an act of Congress.”

A notice of which entry is printed on the labels on every bottle of the Genuine Pills, and he has caused the name of Dr. J. L. Paris to be stricken out of the label of his celebrated Soothing Syrup, for children when cutting their teeth, so that the label of the genuine syrup reads “DR. WM. EVANS' SOOTHING SYRUP,” an infallible remedy for the pain and sickness to which children are subject when cutting their teeth, and approved by thousands of mothers and nurses, who have by its early application, not only prevented their children from suffering excruciating pain but in many instances rescued them from death.

It is particularly in examining the labels, and also in knowing that Dr. Evans never vend any of his medicines save through the medium of his resident agents, as advertised throughout the Union, or at the Western Office, Louisville, Ky., and his principal office 100 Chatham Street, New York, where wholesale orders will be promptly executed on the most liberal terms.

It is the public may rest assured that in every instance that comes within the knowledge of Dr. Evans, or any of his agents, where the Counterfeit Medicines are purchased or vend, he will give them the earliest public notice of the imposition. Already have proceedings both civil and criminal been instituted against several Druggists who have been detected, and their names will be laid before the public at an early date. THE BEST PROTECTION he can offer for the present, to caution purchasers to obtain his Medicines from the

AGENTS ONLY.

DR. GOODE'S CELEBRATED FEMALE PILLS.

These Pills are strongly recommended to the notice of the Ladies as a safe and efficient remedy in removing those complaints peculiar to their sex, from want of exercise, or general debility of the system, obstructions, suppressions, and irregularity of the menses; at the same time, strengthening, cleansing, and giving tone to the stomach and bowels, and producing a new and healthy action throughout the system generally. They create appetite, correct indigestion, remove giddiness and nervous headache, and are eminently useful in those complaints which distress females so much as the “TURN OF LIFE.” They obviate costiveness, and counteract all hysterical and nervous affections, likewise afford soothing and permanent relief in fluor albus, and in the most obstinate cases of chlorosis, or green sickness, they invariably restore the pallid and delicate female to health and vigor.

These pills have gained the sanction and approbation of the most eminent physicians in the United States, and many mothers can likewise testify to their extraordinary efficacy. To married females, whose expectations of the tenderest pledges of conjugal happiness have been defeated, these Pills may be truly esteemed a blissful boon.—They soon remove all functional debility, and if taken according to directions, obviate all morbid action.

DR. GOODE'S CELEBRATED FEMALE PILLS,—are for all the following diseases: Suppression, irregularity or retention of the menses, fluor albus, or gonorrhea or green sickness, costiveness, gravel, incontinence of urine, nervous affections, hysterics, prolapsus uteri, or falling of the womb, and piles; also, pains in the side, chest, limbs, head, stomach or back; dizziness, or confusion of sight; alternate flushes of heat and chilliness; tremors; watchings; agitation; anxiety; bad dreams, and spasms. This medicine is acknowledged to be one of the most valuable ever discovered as a purifier of the blood and fluids; it is superior to sarsaparilla, whether as a sudorific or alterative.

AGENTS.

LEWIS JOHNSON, Washington, D. C.

C. CRUTCHANK, Georgetown, D. C.

BELL & ENTWISTLE, Alexandria, D. C.

INTERESTING AND APPLICABLE TO THE AFFLICTED, WITH DISEASES OF THE STOMACH, OR NERVES, such as Dyspepsia, either Chronic or Casual, under the worst symptoms of Restlessness; Lowness of Spirits and general emaciation; Consumption, whether of the Lungs or Liver; Liver Affections; Jaundice, both Bilious and Spasmodic; Costiveness; Worms, of every variety; Rheumatism, whether Acute or Chronic, together with Gout, Scrofula, Pains in the Head, Back, Limbs, and Side; Typhus Fever, Scarlet Fever, Putrid Sore Throat, Fever and Ague, Spasmodic Palpitation of the Heart and Arteries, Nervous Irritability, Nervous Weakness, Hysterics, Tic Douloureux, Cramps, Female Obstructions, Heartburn, Headache, Cough, the Common or Humid, and the Dry or the Whooping Asthma, Gravel, and Drops.

The Blood has hitherto been considered by Empiricks and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content themselves with the simple possession of this fallacious opinion, without enquiring into the primary sources from whence Life, Health and Vigor emanate, and vice versa, pain, sickness, disease and death. Not so with Dr. Hunt, whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's reflection will convince any reasoning mind of the correctness of his views—that the stomach, liver, and associated organs are the primary and great regulators of health, and that the blood in very many instances is dependent on these organs, and that unless medicine reaches THE ROOT OF THE DISEASE, the superficial remedies usually prescribed, serve but as foils to cover the ravages of deeprooted maladies. Under these convictions, at the expense of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing, it is with knowledge of its being a radical cure in the various diseases already enumerated, even if applied in the most critical cases, but he does not pretend to ascribe
